

Parent Loans for Undergraduate Students (PLUS)

The purpose of the Parent PLUS loan is to assist parents by providing a source of loan funds to help pay the cost of education for dependent undergraduate students. Parents may borrow up to the full cost of attendance less any other financial assistance the student receives. Parents must be able to pass a credit check or obtain a 'co-signer' who is able to pass the credit check. Both the parent and student must meet general eligibility requirements for federal financial assistance. Students must be enrolled at least 6 hours each semester to be eligible.

Funds will arrive at Texas A&M University-Commerce by Electronic Funds Transfer (EFT). The funds will then be applied to the students account. Any left-over funds will be issued to the student by paper check or deposited in a personal account (if the student has requested the direct deposit).

If the parent borrower does not want a refund generated by EFT process to be delivered to the student, a written request must be submitted to the Office of Financial Aid and Scholarships.
